

# AFI MUMŪ MA EA MĀNAVAINA

O afi mumū e fa'aleagaina ai paepaega, e le gata i le fa'aleagaina o mea e susunu ae a fa'apalā ea mānavaina. O fa'aleleāina ai pefu ma ea ele'elea e fa'alētonuina ai le soifua maloloina.

O fa'ata'ita'iga o Ea Ele'elea:<sup>1</sup>

- Carbon Monoxide
- Asbestos po/o lead mai fale mumū
- Ozone (O sone)
- O le tonu vaega (PM)

## Lagona tutupu pe a afaina i le asu<sup>1</sup>

### TAIMI PU'UPU'U

- Mata mumū
- Isu tafe
- Tale
- Vaivai o le tino
- Tātā vave o le fatu

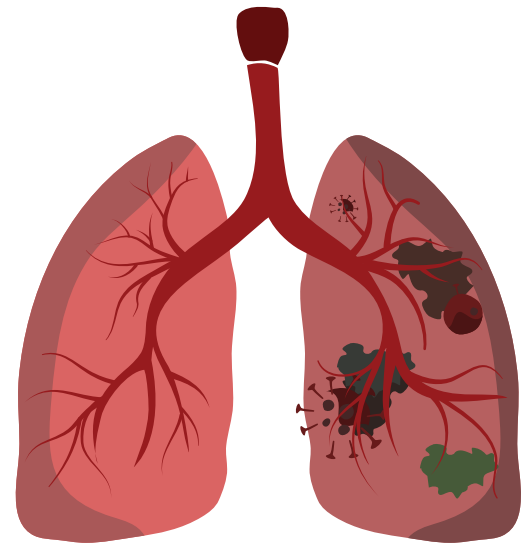

### TAIMI UMI

- Atili ona afaina o le ma'i sela
- Vaivai o māmā
- Tale malosi
- Ma'i fatu

## Fa'aoga le Tulaga Lelei o Ea Index (AQI)

e va'ai pe lelei po'o leaga le ea mānavaina

O le tonu vaega (PM)  
o le popolega sili mo le  
fuaina o alaea ona e  
mafai na a'afia loloto i  
totonu māmā ma afaina  
ai le alamānava

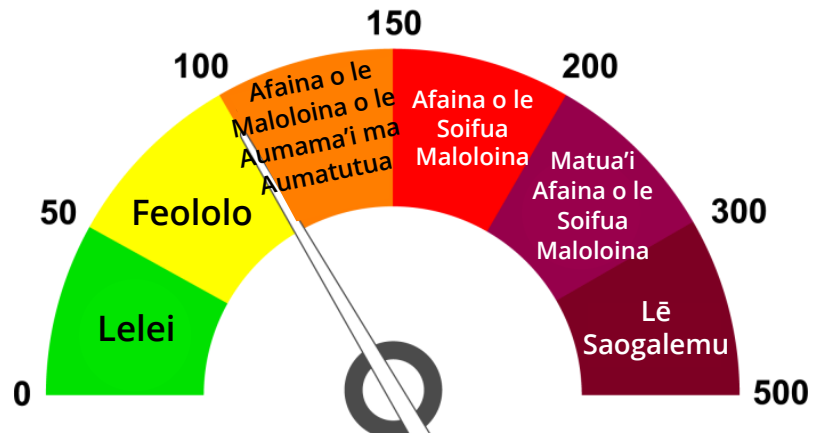

### Puna'oa:

1. "Wildfire Smoke", LA County
2. "Fires and Your Health", AirNow
3. "Air Quality Guide for Particle Pollution."  
US EPA. (2023)

# Faitauina le TULAGA LELEI O EA (AQI)

O le AQI e faitauina le tonu vaega ina e mafai na fa'ailoa ai le pala o ea. Peita'i, e le mafai na fuaina a afaina uma o afi mumū, pei o kemikili o'ona, meta'ele mamafa, po'o mea'susū mai fale mumū. Ae, o le AQI e aoga mo le fuaina o le tulaga lelei o le ea i le mea e te i ai. <sup>1</sup>

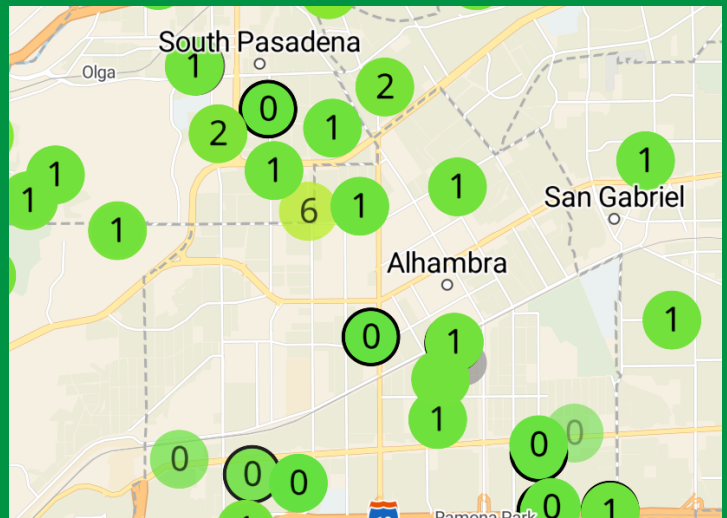

## Ua fa'alanuina ina mafai ona vave fa'alia le tulaga lelei o ea mānava

 Fa'aoga PurpleAir Maps mo le iloaina o le tulaga lelei o ea [map.purpleair.com](http://map.purpleair.com)

O le maualuga o le numera o le AQI, e sili ai le tonu vaega ma mea e afaina ai le soifua maloloina

Ulufale atu i [airnow.gov/aqi](http://airnow.gov/aqi) e fa'alauteleina le malamalama o tapula'a o AQI.

- By default, the map shows aggregated AQI data; switch to "Raw PM2.5 ( $\mu\text{g}/\text{m}^3$ )" in the settings to view direct, unadjusted sensor readings
- The raw data gives more targeted details of the air quality index near that sensor <sup>3</sup>
